Our Vendor Loves...

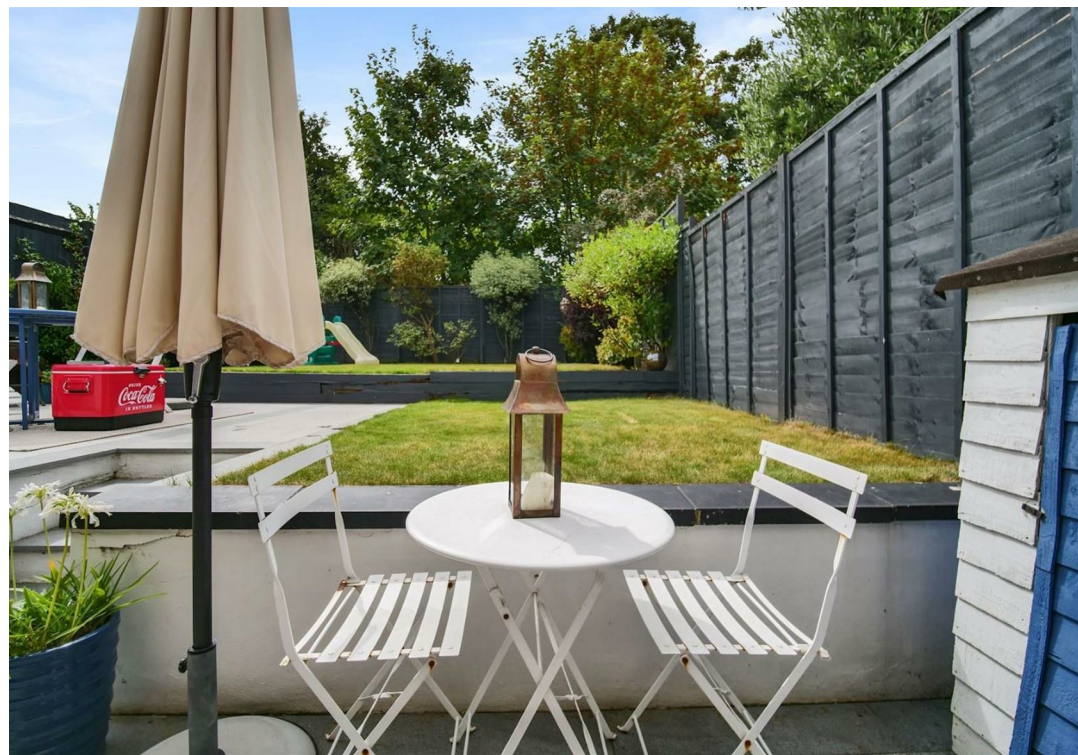

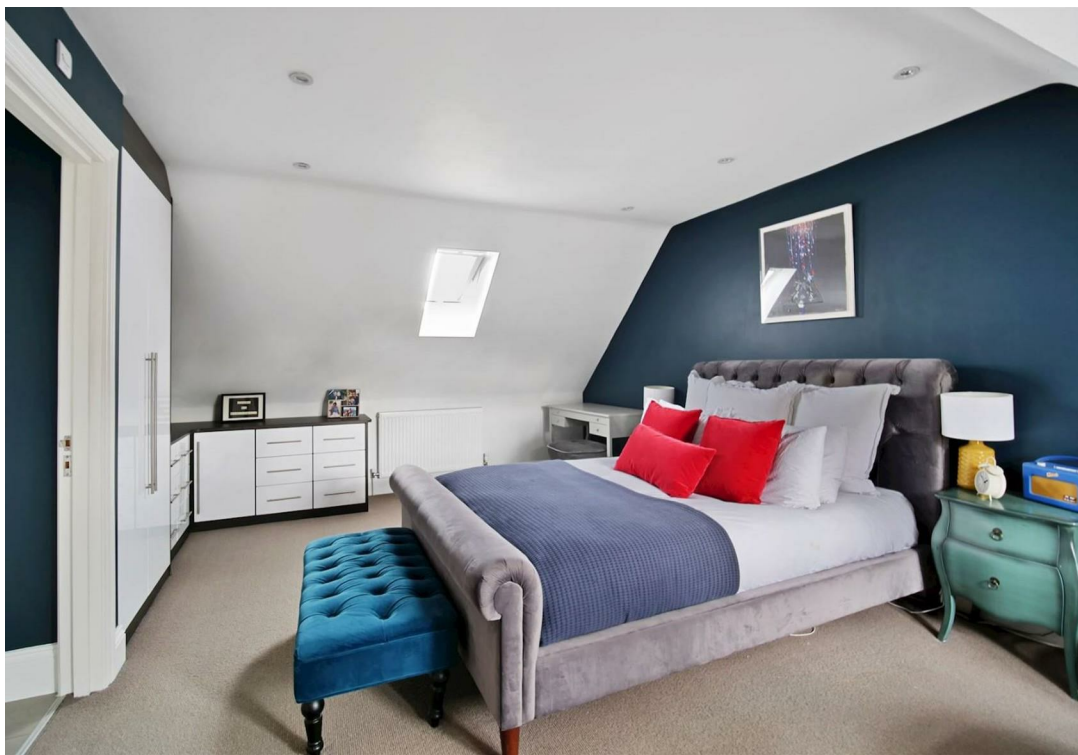

We love the open plan kitchen which is great for the family & we spend a lot of time in here, the playroom space for kids & before that we use it as a study, which also worked really well . The underfloor heating in the kitchen is very energy efficient & lovely & warm in winter! There is great storage under the stairs and fitted washer, dryer, large fridge freezer. We love that there are fitted wardrobes in 3 bedrooms, 3 bathrooms, plus 4 large double rooms, 1 single room/study and over 2,000 square feet of living space.
