

COVID-19 VIEWING POLICY

By organising an appointment with Harding Green, it is on the understanding you are/have NOT:

1. Been in contact with anyone who has displayed symptoms within the last 14 days.
2. Displayed any Covid-19 related symptoms of your own within the last 14 days.
3. Currently undertaking a quarantine period.

We take the safety of our customers and staff very seriously and request that the following procedures are undertaken on all appointments:

Viewings:

- Wear a mask to cover your mouth and nose
- Sanitise your hands with antibacterial hand sanitiser
- You may be asked to remove footwear upon entering the property
- We would ask you to please not touch anything inside the property
- Viewings must be carried out within a maximum of 10 minutes
- Keep two meters distance within the property where possible

Market Appraisals:

In relation to conducting Market Appraisals, our policy remains consistent. We insist that masks and sanitizer be used by both parties. Our representative will take an independent tour of the property whilst maintaining social distancing measures where possible. Where permitted, the discussion should take place outside. As much information should be discussed over the phone, indeed both prior to our appointment and once it has taken place.

These measures will remain in place until such time the government announces otherwise. We hope you understand our reasons behind such measures.

We will provide disposable masks at the property should you not provide your own. Without adhering to these important protective measures we are unfortunately not able to allow access to any of our properties. All parties engaging with Harding Green do so entirely at their own risk and we cannot not take responsibility for any reactions to the Protective Equipment provided to you. If you have any known allergies which you feel may be of concern you must wear your own protective equipment.

We trust both you and your families remain safe and well and we look forward to working with you.
