

This apartment in the heart of the City Centre has been furnished with a grey 2 seater sofa, glass dining table complete with white chairs, coffee table and side table. This package was specifically chosen to match the wooden flooring which runs throughout the living area and the white kitchen units and grey worktops. Our team have added a splash of colour with bright cushions and a floral canvas.

The bedroom has a double bed and mattress from the same range which compliments the colour of the carpet and blinds. Our team have completed the room by adding a simple canvas and lampshades to make this sanctuary feel cosy and relaxing.
