Frogmore Cottage is a beautifully renovated character home with a generous garden and views to surrounding countryside, offered to the market with no forward chain.

The property is entered via a wooden front door opening into the formal dining room with a feature inglenook fireplace set with a wood burner as a focal point to the room. The room is laid with herringbone wooden flooring and is arranged with a large dining table and chairs and other pieces of freestanding furniture. The heart of the home is the triple aspect kitchen breakfast room, which sympathetically blends modern fittings with character charm. A light room with large patio doors overlooking the garden and the views beyond. The kitchen comprises of modern base units set with a counter top and breakfast bar and includes a double oven and dishwasher with space for an American style fridge freezer. The room is laid with stone flooring and is serviced by a utility room offering space for white goods and includes wall units and w.c. Completing the ground floor accommodation is a cosy and charming sitting room, which enjoys a dual aspect with a feature brick

fireplace set with an open fire.

Rising to the first floor, the master bedroom is a generous room currently arranged with a double bed with a feature brick chimney breast with a decorative fire place. The second bedroom is situated to the rear of the property overlooking the rear garden, it would easily accommodate a double bed and includes a loft void space. The third bedroom again is a generous double. The modern family bathroom comprises of a double walk in shower cubicle, freestanding bath, basin, heated towel rail, and a w.c.

Outside

The property is approached via a gravel driveway accessed through a wooden gate, which leads along the boundary to a turning circle in the rear garden. The front garden is laid to gravel and bound by estate fencing. The rear garden is a particular feature, with a large stone patio adjoining the house, which is ideal for outside dining and overlooks the lawn with views to surrounding countryside. The garden progresses to a large area interspersed with trees which

could be used to graze animals or for storage. This section could also accommodate a home office if needed or become a wild garden.
