EXTERIOR

Front & Rear Gardens

One of the unique features of this charming cottage is its well stocked and picturesque gardens. The wide plot takes full advantage of the far reaching countryside views, and provides many areas to relax and soak up the surroundings. A particular favourite is the covered outside entertaining area with log burner, and raised dining table, alongside an exterior sink area and work surface, ideal for those BBQ parties. From here you step up to an open lawn area which is flanked by a range of fruit trees, to include apple and pear, and plants to one of the decked areas that nestles to the south boundary hedge. Continuing this direction leads you through to a selection of outbuilding which could

offer a range of uses from Studio's to storage and adjoins a neighbouring conservation area. From the rear of the cottage there is also a pathway that accesses another raised decked area which sits next to the natural pond, and is ideal for the setting western sunshine. Access can also be found to the front of the property and to the parking area.

Parking

The property has a large wooden garage which is set back from the road allowing the driveway to currently offer parking for two vehicles.
