A huge amount of care has been taken in the renovations to retain period features whilst also making it a versatile property for modern living.

Upon entering the property there is a spacious and light hallway with storage and a downstairs shower room. The kitchen/dining room has been transformed with a newly fitted kitchen from 'John Lewis of Hungerford' featuring an array bespoke cabinetry with soft close topped with marble worksurfaces creating a breakfast bar for 4 people and Belfast sink with 'Quooker' hot water tap. A 'Lacanche' range cooker is a focal point of the room, there is space for an American style fridge/freezer, a utility cupboard with plumbing for white goods along with an integrated 'Neff' microwave and an integrated 'Miele' dishwasher. within the kitchen/dining room is ample space for a table to accommodate 4-6 people with access directly out to the enclosed rear garden.

The sitting room is situated on the first floor, benefiting from a dual aspect and having a vaulted ceiling. It is a marvellous room for socialising whilst also being a comfy and cosy space with a large woodburner as the focal point

of the room. Double doors reveal a Juliette balcony which looks over the beautifully manicured gardens and trees to the rear. Within the property there are four double bedrooms along with a study area with bedrooms split over the three levels.

On the ground floor are two spacious double bedrooms, one looking to the front with French doors out and the other having a large window seat and having a garden view.

On the first floor is the master bedroom, a substantial room with garden and countryside views, built-in reading lights above the bed, along with a walk-in wardrobe with shelving, rails and automatic lighting. Situated on the first floor is an exquisite family bathroom finished to the highest of standards. It features a slipper bath, a large walk-in shower with rain-forest head, toilet, wash hand basin, storage and bespoke wooden shelving and seat.

The fourth double bedroom can be found on the second floor, again with a lovely outlook. The study area is open and looks over the exposed wooden beams and down into the sitting room, perfect for homework or working from home.
